

Wheel Chair ASCS03

Features

- One-piece, injection-molded, polypropylene shell with a double contoured seat
- Waterfall edge promotes good circulation and relieves pressure points
- Shell is reinforced with ribs that allows greater flexibility for upper back while still supporting the lower back.

Frame

- Frame is molded from 1", 18-gauge tubular steel and is joined by two welded 14-gauge steel support brackets. Steel tubing runs from front to back of the seat with radius corners on front and rear for ease of sliding on carpet.
- Nickel-plated chrome or black powder coat, finishes assure long-lasting durability

School chair
